We are pleased to announce the launch of the third edition of the Young Exceptional Speakers (Y.E.S.) Symposium in parallel with the activities of the International Makkah Dental 2020 Conference.

To increase the reach of the Y.E.S Symposium, we decided this year to launch the Middle East Edition, where we will branch out to other Arab countries to reach more young exceptional speakers.

For that end, we invite all public and private dental schools in the Middle East to nominate one dental student or intern to participate in the third edition of Y.E.S Symposium.

**The Middle East Edition**
